

# HARMONY HOUSE

## SEBASTIAN PIANO STUDIO

### 2025 Summer Intensives:

*two different week-long classes focusing on specialized skill sets*

Give your student the gift of honing specialized skills to enhance their musical journey! Each Summer Intensive is designed for students **ages 8-12** years old who have **at least some experience and familiarity playing music**. Please feel encouraged to reach out with any questions.

#### **Rhythm Masters – June 30-July 4 (M-F), 9am-12pm – \$550**

The **Rhythm Masters** Summer Intensive will be a 5-day, 3-hours per day, intensive class that focuses exclusively on RHYTHM. Students will be immersed in this necessary musical skill, both mentally and physically:

- *Mentally* ~ a deep exploration of how rhythm works in music
- *Physically* ~ playing and *feeling* these rhythms, on piano as well as a wide variety of percussion instruments, including the full drum set! By the end of the five days students will have gained basic drumming skills, which greatly helps their piano progress (at any level).

#### **Keys & Harmony: A Piano Band – July 7-11 (M-F), 9am-12pm – \$550**

The **Keys & Harmony: A Piano Band** Summer Intensive will focus on the important skill of ensemble music, or jamming together as a group, which is rarely covered in private lessons. Over the course of this 5-day, 3-hours per day, intensive, students will work as a team to:

- Choose songs to learn as a "band".
- Decide which instruments and parts they each play (*multiple pianos, singing, + other instruments such as drums, xylophone, and bass guitar*).
- Support each other in both the learning and performing process, as our last class will culminate with a brief in-studio performance for family and/or friends who are able to attend (*seating will be very limited*).

*Each Summer Intensive will be limited to six students.*

*Reach out now if you'd like to enroll.*
