

# HARMONY HOUSE

SEBASTIAN PIANO STUDIO

## 2026 Summer Intensive:

### **Rockin' Keys: A Piano Band**

*an ALL-DAY week-long “camp” giving students the experience of being in a band*

**July 27-31 (M-F), 9am-4pm – \$650**

This year’s Summer Intensive will be an **all-day “camp”** focusing solely on the experience of **being in a band**. Students band members will participate as a team in the whole process of choosing the songs they learn and parts they play. Band members will gain both musical skills *and* life skills for communication, leadership, and being part of a team.

The **Rockin' Keys: A Piano Band** Summer Intensive will focus on the important skill of ensemble music, or jamming together as a group, which is rarely covered in private lessons. Over the course of this 5-day, 7-hours per day intensive, students will work as a team to:

- **Choose songs** to learn as a "band". (*Any songs are an option, even if Mr. Greg doesn't know them yet!*)
- **Decide** which **instruments and parts** they each play (*multiple pianos, singing, + other instruments such as drums, xylophone, and guitars*).
- **Support each other** in both the **learning and performing process**. Our last class will culminate with a brief in-studio performance for family and/or friends who are able to attend (*seating will be very limited*).

Mornings will focus on learning the songs or “woodshedding”, afternoons will be rehearsal time as an ensemble, and lunches will be spent discussing the band’s progress and strategies for next steps to improve and master their performances.

Give your student the gift of honing specialized skills to enhance their musical journey! Geared for musicians **ages 8-16** years old who have **at least some experience and familiarity playing music**, we welcome current and former students alike, as well as non-student friends or family members. Please feel encouraged to reach out with any questions.

*The Summer Intensive will be limited to six students.*

*Reach out now if you'd like to enroll.*
